Participation in three (3) events is needed to qualify for year-end trophies

Year-end trophies are only given to full status year-long Detroit Region members that are in good standing on the day of the last event of the year. This will be verified after the 'Ender' and the points file will be changed to reflect membership status. Mid-year points files may not be accurate in this regard.

The best 5 of 8 event points will be totaled. *

Some events are sanctioned by other clubs that don't have our PRO, PMI, LI, and SI classes. In these cases, points will be awarded for these events based on the heat that the driver runs in. A 100 point award will be given for each heat.

The number of points is calculated based on the class-winner's time. DRSCCA uses the same equation as the Great American Solo Series. Please see www.soloseries.org for more information

$$\text{Points/Event} = 100 - (900 \times \left(\frac{\text{Entrant's Time} - \text{Class Winning Time}}{\text{Class Winning Time}} \right))$$

DNF = 20 Points,
DNS (one day of a two-day event) = 10 Points,
DNS (one-day event) or DSQ = 0 Points.
